

Report on project publications

The scientific and dissemination outputs associated with research undertaken within the eEconEUplus Jean Monnet Module comprise five scientific articles/book chapters, three communications, one research report and one special thematic journal issue.

- I. Kawka, I., Szczygieł, E., Stąporek, J., & Śliwa, R. (2024). “Moduł edukacyjno-naukowy Jean Monnet – Cyfrowa transformacja gospodarki w UE i krajach partnerskich / Digital Transformation of the Economy in the EU and Partner Countries.” *Rocznik Administracji Publicznej*, 10, 403–406. DOI: 10.4467/24497800RAP.24.024.20242.

This communication presents the Jean Monnet Module and explicitly identifies the eEconEUplus project. It contributes to visibility of the project’s educational and research activities.

- II. Szczygieł, E., Śliwa, R., & Stąporek, J. (2024). “Ku cyfryzacji usług publicznych – transformacja cyfrowa Unii Europejskiej.” *Rocznik Administracji Publicznej*, 10, 279–298. DOI: 10.4467/24497800RAP.24.017.20235.

The article examines the digitalisation of public services and the EU digital transition, directly corresponding to the project’s research themes.

- III. Special thematic journal issue

Social Entrepreneurship Review: “Social Economy in the Era of Polycrisis: Institutions, Digital Transformation and Just Transitions.” The thematic issue addresses institutional development, digital transformation and just transitions in the social economy. Publication status: to be confirmed.

A communication about the project in *Social Entrepreneurship Review* is included as a separate part of the issue.

- IV. Research report

Inga Kawka, Elżbieta Szczygieł, Renata Śliwa, *Transformacja cyfrowa na rzecz zrównoważonego rozwoju w UE / Digital Transformation for Sustainable Development in the EU*, Krakow Jean Monnet Research Papers 5/2026

A communication on the project is included in the *Krakow Jean Monnet Research Papers* issue.

- V. Kawka, I., Szczygieł, E., & Śliwa, R. “From Physical Infrastructure to the Digital Shadows of Economic Empowerment: A Comparative Analysis of EU Member States, 2022–2025”, *Comparative Economic Studies* (status: under review); EU funding acknowledgement is to be included where permitted by the publisher

- VI. Book chapter (Brill, 2026)

Szczygieł, E., & Śliwa, R. “Strengthening Online Civic and Political Expression Through Digital Transformation in the Face of Hostility and Humiliation: Evidence from EU Countries.” In I. Kawka & W. Prażuch (eds.), *Transmedial and Multimodal Narratives and Discourses: Post-*

Truth, Hate Speech, and Manipulation in Science, Culture, Politics, and the Media. Brill, 2026 (status: after review)

VII. Thematically related publications without an explicit project reference

VII.1. Stąporek, J. (2024). "Adapting online contracts in the era of digital transformation from an institutional perspective." *Catallaxy*, 9(2), 67–82. <https://doi.org/10.24136/cxy.2024.006>

VII. 2. Kawka, I., Szczygieł, E., & Śliwa, R. (2024). "Transformacja cyfrowa społeczeństwa jako czynnik wzmacniający demokrację w Unii Europejskiej." *Politeja*, 4(91), 65–88.

The project website promotes related research and communications and identifies the project and its EU funding. Dissemination notices refer to the project title and direct readers to the project website. The project communication in *Rocznik Administracji Publicznej* includes a direct project reference. The planned research report will carry the appropriate EU visibility elements.

The publication portfolio reflects research and dissemination across digital public services, the digital economy, online civic participation and the digital transition of the social economy. The outputs establish an initial published records, complemented by further articles, communications, an open-access research report and a thematic journal issue.
